### DC-50Ghz Power divider / splitter series

Ultra broadband, low loss, good phase and amplitude balance

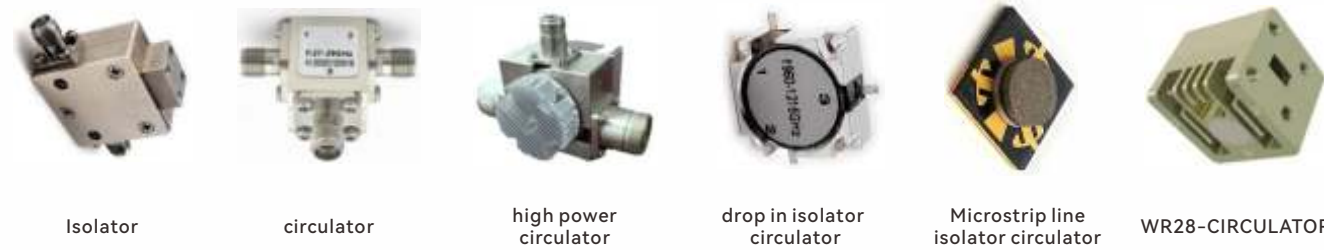

### Hybrid Coupler / Combiner Series

Frequency : DC-50Ghz,90 degree Hybrid coupler and 180 degree hybrid coupler

### Isolator circulator series

Isolator

circulator

high power circulator

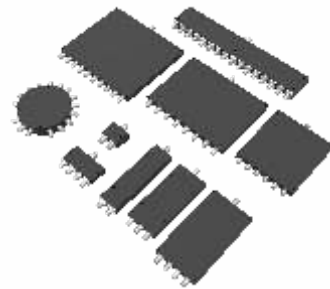

drop in isolator circulator

Microstrip line isolator circulator

WR28-CIRCULATOR

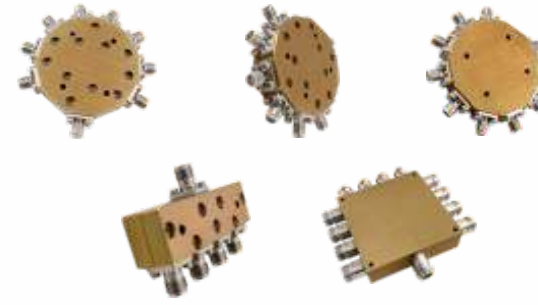

### Power divider / splitter series Frequency : DC-50Ghz

2way, 3way, 4way, 5way, 6way, 8way, 9way, 10way, 12way, 16way, 24way, 32way available, Microstrip line structure, cavity structure, resistance structure, LC structure

### Resistance power divider / splitter series Frequency : DC-50Ghz

2way, 3way, 4way, 5way, 6way, 8way, 9way, 10way, 12way, 16way, 24way, 32way available resistance structure

ChengDu Leader Microwave Technology Co.,Ltd

ISO9001  
2008 质量认证

ISO14001  
2004 环境认证

### Combiner and duplexer series

2band, 3band, 4band, 5band, 6band, 7band, 8band, 9band..... available

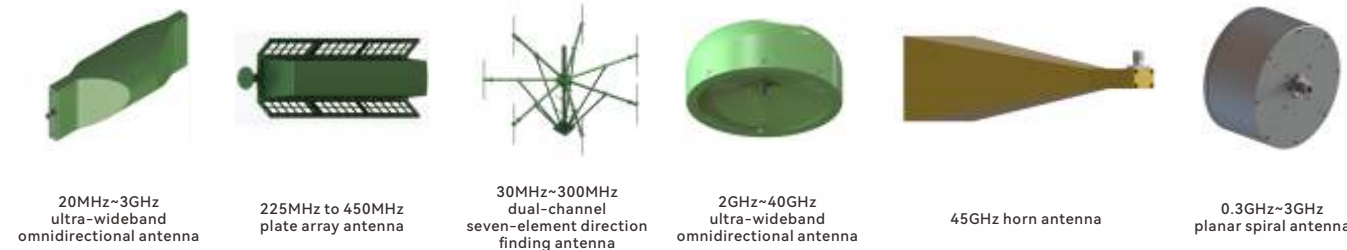

### Filter series

Band rejection filter,band pass filter, high pass filter, low pass filter, LC filter, spiral filter, B<sub>j</sub>120 Waveguide filter

### Other series

20MHz-3GHz ultra-wideband omnidirectional antenna

225MHz to 450MHz plate array antenna

30MHz-300MHz dual-channel seven-element direction finding antenna

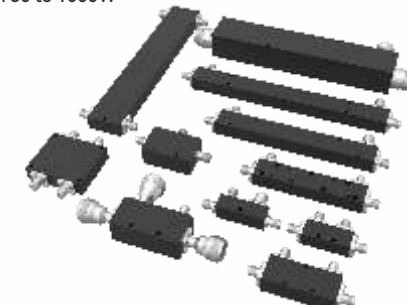

2GHz-40GHz ultra-wideband omnidirectional antenna

45GHz horn antenna

0.3GHz-3GHz planar spiral antenna

### Coupler series

Frequency : DC-50Ghz  
Dual directional coupler and Single directional coupler  
Power from 50 to 1000W

### Other series

fixed attenuator

adjustable attenuator

loads

cable assemblies

Detector
